

**REMARKS**

Claims 1-19 are pending in the present application.

The Examiner has required election in the present application between:

Group I, claims 1-7, 9-11, 16, and 17, drawn to compounds of formula (I);

Group II, claim 8, drawn to a process of making compounds of formula (I);

Group III, claims 12-15, drawn to a process of using compounds of formula (I);

Group IV, claim 18, drawn to compounds of formula (III); and

Group V, claim 19, drawn to compounds of formula (VI).

**For the purpose of examination of the present application, Applicants elect, with traverse, Group I, Claims 1-7, 9-11, 16, and 17.**

Applicants respectfully traverse the restriction requirement. According to MPEP 806.05(i) and 37 CFR 1.141(b), “[w]here an application contains claims to a product, claims to a process specially adapted for...making the product, and claims to a process of using the product, applicant may be required to elect either (A) the product and process of making it; or (B) the process of using. If the examiner cannot make a showing of distinctness between the process of using and the product..., restriction cannot be required.”

Thus, Applicants respectfully submit that the Examiner has not made a proper showing of distinctness between Groups I, II, and III. Therefore, these three groups should be combined. In the alternative, Applicants respectfully submit that, at least, Groups I and II should be joined in accordance with the requirements of 37 CFR 1.141(b) and MPEP 806.05(i).
